### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 14-15 are allowed.

Claim 14 is allowed because the prior art of record fails to disclose or suggest the inclusion of a current to voltage converting means and a level shifter. The inclusion of these elements defines patentability over the prior art of record because it appears by including the converting means, the linear characteristic of the subtraction output is improved and by including the voltage level shifter, the undesired offset voltage of the addition voltage output is removed as disclosed in the specification.

Claim 15 is allowed for the reason noted in claim 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Nguyen whose telephone number is 571-272-1748. The examiner can normally be reached on Monday, Tuesday, Thursday, Friday 7:00-5:30.
